## BASF Personal Care Products Certified by the Natural Products Association (NPA)

BASF is proud to offer our customers a wide range of personal care products that have been evaluated and certified by the Natural Products Association (NPA). The products listed below have met the strict guidelines set in the NPA's Natural Standard for Personal Care products. Pre-approved product certification makes it easier, faster and more convenient for manufacturers to gain certification for consumer products. The NPA is the oldest and largest non-profit organization dedicated to the natural products industry in the United States. For more information or to order product samples, please contact your sales representative.
